SUPER EARTH INVASION INSTALLATION INSTRUCTIONS.

SUITABLE FOR ALL TAITO COCKTAIL CABINET INVADERS, AND ANY TAITO THREE-BOARD UPRIGHT INVADERS.

ALWAYS SWITCH OFF AND DISCONNECT POWER BEFORE OPENING THE CABINET, AND NEVER USE A GUN TYPE SOLDERING IRON ON LOGIC BOARDS.

SOME THREE-BOARD SETS MAY NEED TWO EXTRA SOCKETS ON THE PROGRAM BOARD, WHICH REQUIRES CAREFUL WORKING. IF IN DOUBT, REFER BOARD TO A QUALIFIED ENGINEER.

TO FIT YOUR SUPER EARTH INVASION KIT, CAREFULLY REPLACE ALL THE PROGRAM PROMS IN THE ORDER SHOWN, TAKING GREAT CARE NOT TO BEND ANY LEGS OR INSERT THE WRONG WAY AROUND. THE TILT SWITCH MUST BE DISCONNECTED.

IF THE 50p FACILITY IS REQUIRED, A SUITABLE MECH. (NOT SUPPLIED) SHOULD BE FITTED, AND THE WIRES FROM THE TILT SWITCH CONNECTED ACROSS THE NORMALLY OPEN CONTACTS.
