ATTENTION SERVICE MANAGERS...SPACE TACTICS ADJUSTMENTS

JUST A REMINDER...

- 1) If it becomes necessary to adjust your Space Tactics games, refer to the Space Tactics Owner's Manual (#420-0556). Pages 13-19 in the manual show you exactly how to fine tune your games, should that be necessary.
- 2) Also, if you move your games to a different location, we strongly recommend putting all shipping brackets and bolts (see page 2 of the manual) back in the game to prevent mis-alignment and/or damage.

Please call Gremlin/SEGA Customer Service if you have any questions regarding your game.

Regards,
