

Atari Distributor Price List

June 1987

CONFIDENTIAL—DO NOT DISPLAY

The Atari Distributor Price List contains the part number, part description, and price in U.S. dollars of spare parts for Atari coin-operated games. *An Atari Operator Price List is also available for free.* The Operator List is identical to the Distributor List except that the part price is twice the amount of the distributor price. All parts are in stock and can be ordered from Atari Customer Service by calling or writing the California office listed inside this booklet.

Prices are valid for the United States and Canada. Prices are subject to change without notice.

Please note that *all technical publications are not shown* in this price list. Each complete set of publications consists of a manual, schematic package, self-test label, and any applicable supplements. The price for each set is \$5.00, except for Star Wars and Firefox, which are \$10.00 each. Video display service manuals cost \$5.00 each.

© 1987 by Atari Games Corporation

All rights reserved

No part of this publication may be reproduced by any mechanical, photographic, or electronic process, or in the form of a phonographic recording, nor may it be stored in a retrieval system, transmitted, or otherwise copied for public or private use, without permission from the publisher.

The game play, all graphic designs, this technical manual, its accompanying schematic diagrams, and the display manual are protected by the U.S. Copyright Act of 1976.

This Act provides for increased penalties for violating federal copyright laws. Courts *can impound* infringing articles while legal action is pending. If infringers are convicted, courts can *order destruction* of the infringing articles.

In addition, the Act provides for payment of statutory damages of up to \$250,000 in certain cases. Infringers may also have to pay costs and attorneys' fees and face an imprisonment of up to five years.

Atari Games Corporation will aggressively enforce its copyrights against any infringers. *We will use all legal means* to immediately halt any manufacture, distribution, or operation of a copy of video games made by us. Anyone who purchases such copies risks forfeiting such a game.

Notice Regarding Non-ATARI® Parts

WARNING

Use of non-ATARI parts or modifications of any ATARI game circuitry may adversely affect the safety of your game, and may cause injury to you and your players.

You may void the game warranty (printed on the inside back cover of this manual) if you do any of the following:

- Substitute non-ATARI parts in the game.
- Modify or alter any circuits in the game by using kits or parts *not* supplied by Atari Games Corporation.

NOTE

This equipment generates, uses, and can radiate radio frequency energy and if not installed and used in accordance with the instruction manual, may cause interference to radio communications. It has been tested and found to comply with the limits for a Class A computing device pursuant to Subpart J of Part 15 of Federal Communications Commission (FCC) Rules, which are designed to provide reasonable protection against such interference when operated in a commercial environment. Operation of this equipment in a residential area or modification to this equipment is likely to cause interference in which case the user, at his own expense, will be required to take whatever measures may be required to correct the interference. If you suspect interference from an ATARI® game at your location, check the following:

- All ground wires in the game are properly connected as shown in the game wiring diagram.
- The power cord is properly plugged into a grounded three-wire outlet.
- On games provided with an Electromagnetic Interference (EMI) ground plane, be sure the game printed-circuit boards (PCBs) are properly installed on the EMI Ground Plane. If you are still unable to solve the interference problem, please contact Customer Service at Atari Games Corporation. See the inside front cover of this manual for service in your area.

For technical assistance:

If you need help to solve a maintenance or repair problem,
or if you wish to order parts, call TELEHELP® at this Atari
Games Customer Service office:
