Subject: STARWARS II

Date: 8/2/83

I have read your memo, today, July 28, 1983, STARWARS II PART ONE-SERIAL COMMUNICATION.

I believe the concept you presented to be a very strong one. It adds a number of interesting potential benefits, one of which is the placing of at least two Starwars games in each arcade location.

It of course also expands the playing experience and develops the concept of an actual squadron attack with another X-Wing fighter.

I very much support any efforts directed toward bringing this idea to reality. However, an AMOA target date is absolutely essential. I would like to know what the odds are of meeting this market requirement.

Please get back to me at your earliest convenience so that we can discuss any of the variables as they would effect a delivery schedule.
